

St. Gianna Clinic Welcomes Dr. Thomas Reinardy

By Dr. Robin Goldsmith and Danielle Litt

The St. Gianna Clinic is thrilled to announce the addition of another OB/Gyn to its growing list of providers. Dr. Thomas Reinardy will join the clinic in July. He comes to us from the Ascension Medical Group in Oshkosh, where he has practiced medicine since 1997. Dr. Reinardy, the lead physician since 2000, said he is ready for a career change.

“I reached a point in my career where large medical systems had developed all around me, and the ability to partner with patients in their health challenges was controlled by corporate decisions made far away,” he said. “During my prayers for guidance, several signs pointed me in the direction of St. Gianna.”

St. Gianna Clinic, 1716 Lawrence Drive, De Pere, provides healthcare for men, women, and children in all stages of life. The clinic is guided by the Catholic understanding of the human person.

“When I met Dr. Robin Goldsmith (clinic president and chief medical officer) and the other staff, I was filled with hope that I could return to the joy I once had in the practice of medicine,” Dr. Reinardy said.

Dr. Reinardy joins the St. Gianna Clinic after a distinguished career in OB/Gyn, particularly in the areas of infertility and women’s health. He has cared for thousands of patients suffering with the challenge of infertility.

“There is a special kind of suffering women feel when facing challenges in having a family. I know, as my wife and I have been there. Success in this area of medicine has been one of the most rewarding aspects of my career,” he said.

Dr. Reinardy earned a Bachelor of Science degree at Marquette University in 1989 and Doctor of Medicine degree at UW-Madison in 1993. He completed his residency in OB/Gyn at the University of Wisconsin Hospitals and Clinics, Madison. He is fellow in the American College of Obstetrics and Gynecology and the American College of Surgeons.

“I look forward to being part of such a wonderful community of caregivers and feel compelled to contribute to the growth and success of St. Gianna,” he said.

St. Gianna is excited to welcome Dr. Reinardy to the clinic. He will greatly contribute to our ever-growing ability to care for patients and their families.
