

Nurse Practitioner

St. Gianna Clinic | De Pere, Wisconsin

Full-Time or Part-Time Opportunities

Join a Mission. Practice Medicine with Purpose.

St. Gianna Clinic is seeking a compassionate, highly skilled **Nurse Practitioner** to join our growing, mission-driven medical team in De Pere, Wisconsin.

This is an exceptional opportunity for a Nurse Practitioner who desires more than simply a position—it is an opportunity to practice in an environment where **excellent medicine, meaningful patient relationships, and respect for the dignity of every human person** are at the center of care.

St. Gianna Clinic is an independent, nonprofit, multi-specialty medical clinic serving men, women, and children throughout Northeast Wisconsin. Guided by the Catholic understanding of the human person and integrated with the science of medicine, our team provides exceptional healthcare to patients of **all faiths, cultures, backgrounds, and stages of life—from conception through natural death.**

Our commitment is simple:

Truly Excellent. Always Faithful.

Why St. Gianna Clinic?

At St. Gianna Clinic, practitioners have the opportunity to practice medicine in a setting that values the **practitioner-patient relationship, clinical excellence, collaboration, and whole-person care.**

As an independent clinic, we offer an environment where practitioners are known, valued, and able to make a meaningful impact—not only in the lives of their patients, but in the continued growth and future of the organization.

Our multidisciplinary team provides care across:

- Family Medicine
- Pediatrics

- Women's Health and Obstetrics/Gynecology
- Men's Health
- Psychiatry and Behavioral Health
- Fertility Care
- Natural Family Planning
- NaProTECHNOLOGY
- Preventive and primary care services

Our practitioners work collaboratively, allowing patients to receive comprehensive care within a supportive clinical environment.

The Opportunity

The Nurse Practitioner will provide high-quality, patient-centered medical care while working collaboratively with St. Gianna Clinic physicians, advanced practice practitioners, nurses, and clinical support staff.

Depending upon the candidate's training and experience, responsibilities may include:

- Conducting comprehensive patient assessments, histories, and physical examinations
- Diagnosing and treating acute and chronic medical conditions within the practitioner's scope of practice
- Providing preventive care, wellness examinations, and health education
- Ordering and interpreting appropriate laboratory and diagnostic testing
- Developing individualized treatment and follow-up plans
- Prescribing medications and treatments within scope of practice
- Coordinating care with physicians, specialists, and other healthcare professionals
- Educating patients and families regarding treatment options, prevention, and healthy lifestyle choices

- Maintaining timely and accurate documentation within the electronic medical record
- Supporting continuity of care and long-term practitioner-patient relationships
- Participating in quality improvement and clinical initiatives
- Collaborating with clinic leadership and fellow practitioners as St. Gianna Clinic continues to grow its services and community impact

Who We Are Looking For

We are seeking a Nurse Practitioner who combines **clinical excellence with compassion, professionalism, and a genuine commitment to serving others.**

The ideal candidate will:

- Hold an active or be eligible for a Wisconsin Nurse Practitioner/APRN license
- Hold appropriate national board certification
- Possess excellent clinical judgment and communication skills
- Value collaborative, team-based healthcare
- Demonstrate compassion and respect for patients from diverse backgrounds and circumstances
- Appreciate the importance of building lasting relationships with patients and families
- Be comfortable practicing within and supportive of St. Gianna Clinic's Catholic healthcare mission and ethical standards
- Bring an entrepreneurial and collaborative spirit to a growing independent medical practice

Experience in **family medicine, primary care, women's health, pediatrics, or related outpatient care** is highly desirable.

Candidates with experience or interest in **women's health, fertility care, Natural Family Planning, or NaProTECHNOLOGY** are also encouraged to apply.

A Different Kind of Healthcare Environment

St. Gianna Clinic was founded with the belief that patients should never have to choose between **excellent medicine and care that respects their values and dignity.**

Here, practitioners have the opportunity to know their patients, understand their families, and care for the whole person.

Our independent, nonprofit structure also allows our team to remain focused on what matters most: **our patients, our mission, and the communities we serve.**

For a Nurse Practitioner looking to move away from a large-system environment—or simply looking for a practice where their work can have a visible and lasting impact—St. Gianna Clinic offers a unique professional home.

Live and Work in Northeast Wisconsin

Located in **De Pere, Wisconsin, just minutes from Green Bay**, St. Gianna Clinic offers the professional opportunities of a growing metropolitan area with the accessibility, affordability, and quality of life for which Northeast Wisconsin is known.

The Greater Green Bay area offers:

- Excellent public and private schools
- Family-friendly communities
- Affordable housing and a competitive cost of living
- Short commutes and easy access to surrounding communities
- Outdoor recreation, including boating, fishing, hiking, biking, and winter sports
- A growing restaurant, arts, entertainment, and cultural scene
- Access to Door County and Wisconsin's lakes and recreational destinations
- Professional and collegiate sports, including the Green Bay Packers
- Strong faith communities and a welcoming Midwestern culture
- Convenient access to Appleton and the Fox Cities, with Milwaukee and Madison within driving distance

Northeast Wisconsin provides an outstanding setting for professionals who want to build both **a meaningful career and a fulfilling life.**

Why Join St. Gianna Clinic?

This position offers the opportunity to:

Practice with purpose.

Your work contributes directly to a nonprofit healthcare mission serving individuals and families throughout Northeast Wisconsin.

Build meaningful patient relationships.

Practice in an environment that values continuity of care and recognizes that excellent healthcare begins with knowing the patient.

Work alongside experienced physicians and practitioners.

Join a collaborative multidisciplinary team committed to exceptional medical care.

Have a voice.

As an independent physician led clinic, St. Gianna provides opportunities for practitioners to contribute ideas, help strengthen programs, and participate in the continued growth of the organization.

Care for the whole person.

Practice medicine in an environment that recognizes the physical, emotional, and spiritual dimensions of health and respects the inherent dignity of every patient.

Make an impact.

Your contributions are visible, meaningful, and directly connected to the patients and community we serve.

Qualifications

- Graduate of an accredited Nurse Practitioner program
- Current Wisconsin APRN/Nurse Practitioner licensure or eligibility for Wisconsin licensure
- Current national certification appropriate to area of practice
- Prescriptive authority as required for the position
- Current BLS certification or ability to obtain prior to employment
- Strong interpersonal, communication, and clinical decision-making skills

- Commitment to high-quality, ethical, patient-centered care
- Ability to work effectively within a collaborative medical team
- Commitment to practicing in accordance with the mission and values of St. Gianna Clinic

About St. Gianna Clinic

St. Gianna Clinic is an **independent, nonprofit, multi-specialty medical clinic** located in De Pere, Wisconsin. Founded through the vision of **Dr. Robin Goldsmith and Bishop David Ricken**, the clinic opened its doors to patients in 2015 and today serves thousands of individuals and families throughout Northeast Wisconsin and beyond.

Our mission is to provide exceptional healthcare to all people—men, women, and children—of all faiths and cultures, from conception to natural death. Guided by the Catholic understanding of the human person and integrated with the science of medicine, St. Gianna Clinic exists to promote healthy living and hope for all.
